Mr. S. Won-Kingsing
Room 303
44 Court St.
Brooklyn, N. Y.

Dear Sir:

Our Society was organized in 1856 and has a large library and collection as well as a museum. We are very strong in Chinese coins, both ancient and modern, and in fact probably have the best collection in the world of these. We hold two or three meetings a year and publish monographs on special subjects several times a year. These are chiefly on ancient Greek, Roman and American coins. Members have the privileges of the library and the building and the dues are $5.00 a year. I am enclosing an application card which should be endorsed by two known business men, preferably someone knowing of your interest in numismatics.

Very truly yours,

HW:JG

Curator
